

# COVID-19 Info:

Our coaching staff are staying within 6 ft of their clients. They are not bringing them in for a close talk at any time and do their best to keep all players at a safe distance from one another. Masks are highly recommended although they are not required outside of the pro-shop and on the tennis courts. We ask parents to make sure the kids bring their own tennis racquets, water bottles, and all other necessary equipment to class.

- **Red Ball (Ages 4-6)**  
This program inspires very young children to experience tennis in a happy and positive environment. Kids learn the basics with partner-based activities, developing hand/eye coordination, motor skills and ball control.
- **Orange Ball (Ages 7-10)**  
Children refine strokes and consistency, and work on balance and footwork. Singles and doubles competition and strategy are introduced. Age-appropriate equipment and instruction ensure a positive and fun learning experience.

Our goal is to have a student to coach ratio of **8 to 1** and we ask all parents to sign up for classes in advance prior to the start of the session. (Follow Registration Dates)
